Ontario Voting Tempo Increases

TORONTO, June 7.—(CP)—The tempo of Ontario's general election vote—the third in less than five years—was stepped up early this afternoon despite cool, raw weather in most parts of the province.

Indications were, however, that the vote would fall well short of the record 1,165,793 of 1945.

The voting was light as the polls opened at 5 a.m. MST. In most parts the skies were overcast and rain was either falling or forecast. Bright, sunny weather was reported, however, in parts of Northern Ontario.

Returning officers looked for a "heavy run" of voters shortly before the 4 p.m. MST closing of the polls. Some industries were planning to close early to enable employees to mark their ballots well before the deadline.

GUNMAN GAVE VICTIM WINNER

LONDON, June 7.—(CP)—Twenty-four hours before my Love won the Epsom Derby Saturday at 100-9 odds, a whimsical young gunman entered a pawnshop and poked a gun in the back of a ragseller, Sheila Butler, 17, and snatched the command:

"Don't move my love—and by the way, there's a Derby winner for you."

3,000 Soldiers Battle Floods

Close to 3,000 military men are waging a grim battle alongside civilians in British Columbia's crumbling floods.

Major Al Stinton, public relations officer of Western Army Command, who has returned to Edmonton from the inundated areas along the Fraser river, said that military strength is now mostly concentrated in the threatened areas of the Vedder channel, Lulu Island, and Pitt Meadows.

In these areas troops are working day and night to maintain dams, that threaten to break at any time. They have been working around the clock to keep water from seeping under the dams.

Major Stinton said: "The wind and rain battered the troops are also battling the floods. About 325 active army personnel are from Alberta.

Lately group to go from this province was about 110 officers and other ranks of the Lord Strathcona regiment, commanded by Lt-Col. A. G. Chubb. They were flown in five RCAF craft from here to Creston Saturday.

Home Damaged

CALGARY, June 7.—(CP)—Fire caused damage estimated at more than \$1,000 to the home of William G. Studden on 10th street in North-West Calgary last night. The blaze was caused by an overheated refrigerator motor.

UNDIVORCED MOTHER STILL ALIVE

Son Goes to Father's Wedding And Stops It

DUDLEY, Worcestershire, England, June 7.—(CP)—Thirty-two-year-old Charles Thomas went to his father's wedding Saturday—and had it stopped.

Thomas said:

"On Friday I had a letter from a woman who said she was my mother—my father's first wife. The letter was from Mrs. Olive Thomas of Toronto.

"I immediately decided to stop the ceremony and did so on the advice of police who came with me to the church."

Czech President Refuses Approve New Constitution

By A. I. GOLDBERG

PRAGUE, June 7.—(AP)—III and exhausted, President Eduard Benes of Czechoslovakia resigned today rather than approve a new constitution drawn up by the Communists.

Benes, 64, had served as president 11 years, in two terms. He was elected in 1946 to serve for life. Premier Klement Gottwald's office announced the cabinet accepted the resignation and voted to continue Benes' presidential salary and gave him the presidential home at Lany.

Heuters said Benes is reported to have left unassigned the new constitution, establishing a "People's Democratic Republic," which was put into his hands 20 days ago. The constitution is scheduled to be promulgated tomorrow.

He resigned once before—in 1938 after the Munich conference brought the German invasion—but resumed the presidency in London, July 21, 1940. He first became president in December, 1935, after Thomas G. Masaryk resigned because of age and illness. Benes had been Masaryk's foreign minister 17 years and helped him found the Czechoslovak Republic.

Three months ago Masaryk's son Jan, Benes' foreign minister, was found dead—a suicide, the Communist government said. That followed the Communist coup in February which sharply reduced Benes' powers. He resigned rather than accept the "People's Democratic Constitution" which the Communists put forward. He disagreed with its provisions and disapproved of the single ticket parliamentary elections which the Communists were to hold.

The first announcement of the resignation said only that a communiqué would be issued later.

Occupants Of Plane Rescued

A pilot and his three passengers were rescued after their plane crashed near McMurray during the week-end by Canadian Army Signals men.

A search was started last week for a missing McMurray Air Service plane after pilot Eddie Jones and the passengers failed to return.

With three McMurray residents, Herbert Graham, and his daughters, Dorothy and Bertha, Jones was searching for a missing trapper.

The trapper, Ray Funk, was sighted from his 30 miles south of McMurray and the plane landed. When it attempted to take off, a submerged object in the Athabasca river turned the plane over on its back, drenching the occupants.

Three passengers hung onto the floats of the aircraft until able to swim.

They were later rescued by an RCMP aircraft chartered by an RCMP man.

Gale Wreaks Damage In Manitoba Town

PORTAGE LA PRAIRIE, Man., June 7.—(CP)—Heavy damage was left today in the wake of a gale of cyclonic proportions that struck this town 55 miles west of Winnipeg at the Sunday supper hour.

The wind and rain fanned a number of small buildings, disrupted telephone and power circuits, tore off a portion of the tin roof of the Collegiate, and ripped up big trees.

The west end of Portage was most seriously affected. A number of streets in the district were closed to traffic when trees splashed across them. The wind reached a velocity of about 75 miles an hour. No one was injured in the near-tornado.

Huge trees were splintered like matches, and some were broken when branches fell on a park conservatory.

Four CPR freight cars had their tops blown off.

24 DEAD FROM HIS ACT, MAN FINED \$20

WINSFORD, CHESHIRE, England, June 7.—(AP)—Harry Bishop, 39-year-old British army gunner, pleaded guilty today to stopping an express train April 17, an act which resulted in the deaths of 24 persons.

He was fined £5 (\$20) and costs. Bishop said he pulled a communication cord to stop the train near his home to save time in reaching the bedside of his ill wife. While the train, the night express from Glasgow to London, was halted, a mail train crashed into its rear.

Russia Not Expected To OK Germany Plan

LONDON, June 7.—(AP)—The western powers gave Russia one more chance today to join in their plan to rebuild Germany, but there seemed little hope of Soviet cooperation.

The text of a six-power agreement on Germany was handed to Marshal Vasily D. Sokolovsky, Soviet military governor for that occupied country, in Berlin, by the United States and British military governors and the French deputy military governor.

United States diplomatic officials had predicted the move here last night and indicated it was intended to give the Russians an opportunity to share in the plan, made public today. A French cabinet crisis was reported brewing because of the new plan. The project, worked out in London conference of the United States, Great Britain, France, Belgium, The Netherlands and Luxembourg, aims at Germany's economic and political reconstruction.

The cabinet here studied and quickly approved the six-power proposal, sources said.

SOVIET OBJECTIONS

Moscow radio yesterday quoted Pravda as saying the agreement "will never be recognized as law by peace-loving peoples whose interests were grossly trodden underfoot."

The Soviet Union has objected that in drawing up the plan, the western powers have broken the Potsdam agreement for Big-Four decisions on Germany.

On the eve of its disclosure, the Russians came out with more objections, the west in Berlin and Moscow newspapers. The Soviet News Bureau in Berlin said five Americans had shot a Soviet sentry.

The French were understood here to have forced publication of the agreement. They have been uneasy lest Germany be built again into a military threat.

Secrecy Pressed For Missing Boy

Whereabouts Of Lad Is Mystery

Mystery still shrouds the disappearance of 19-year-old Gordon Mainwold of 10618 80 avenue. The youth has been missing from his South Side home since 9 p.m. Tuesday evening.

An extensive, combined search of police, army and boy scouts, which reached as far as Blackfalds, 100 miles south has failed to locate the boy.

First clue in the six-day search came from Don Danard, Edmonton cattle buyer of 11236 91 street, who told police over the weekend that he had driven the youth to Blackfalds early Wednesday morning.

"I picked the lad up near Weiskin about 5 a.m. Wednesday," Danard said.

SEEMED NORMAL

"Although he seemed normal at the time, he was dejected about being rejected as an RCMP recruit," the buyer related.

(No record of his application has been found by RCMP here.)

"He told me he was going to join the army in the photographic branch at Calgary," Danard said Sunday.

Meanwhile, RCMP radio division contacted army offices at Calgary, but were unable to get any lead on the missing youth.

R. F. Mainwold, the boy's father, flew to Calgary Sunday to aid police and army officials there in the search. He returned to Edmonton without a trace of his son.

The young lad's mother, suffering a breakdown after his mysterious disappearance, is under a nurse's care.

BOY SCOUTS HELP

On Saturday a "tragedy" of nearly 150 Boy Scouts, led by six army officials, from North West Command, combed the north and south banks of the Saskatchewan river here with out avail.

18-hour search was abandoned when the search shifted to Blackfalds and Calgary.

Unconfirmed reports reaching police over the weekend said the youth may have returned to the city.

A South Side cab driver said he picked up a boy, answering Mainwold's description, Thursday night. The youth told the cab without paying, the cab driver said.

Another report said the lad had been spotted near 95 street and 118 avenue Thursday night.

EFFORTS FAIL

Combined efforts of City and RCMP failed to locate any sign of Mainwold.

Meanwhile all available forces are being thrown into the search. Police throughout the whole southeast of the province, as well as army men, are being alerted to watch for the five-foot-11-inch youth who has red hair and is slim.

He is believed to be wearing a green sweater, tweed trousers and a blue coat.

Grief-stricken parents have asked the co-operation of everyone in assisting them to locate their son.

Churchman Dies

WINNIPEG, June 7.—(CP)—Funeral services will be held Tuesday for Major Rev. Christopher C. Carruthers, 72, rector of Holy Trinity Anglican church here and prominent army chaplain in two world wars, who died Saturday.

Rampant Fraser Rips Out Bridge Span at Mission

VANCOUVER, June 7.—(CP)—The Fraser river struck a new blow at valley residents today when it ripped out the 25-foot wooden south span of the Mission bridge.

The sole remaining bridges spanning the river between Vancouver and Hope, 100 miles east, are at New Westminster.

Thus, the rampant Fraser has chopped the valley into a number of isolated communities. No trains move eastward, although service may be resumed today by aid of buses. Truck traffic on the north side is cut off eastward, but some are getting through on the south side.

The missing bridge has not been used for rail traffic for more than a week.

General Dwight D. Eisenhower, four years and a day after he commanded the allied invasion of Europe, became the 33rd president of Columbia University. His expectations of the new job: "A lot of fun."

After three hungry days under a sheltering tree on a flood-bull island in the Fraser River, Mr. and Mrs. Ivan Walker of Mission, B.C., and their nine children were rescued by a naval launch. One item of rescue equipment came in handy for their five-month-old baby. The item: a box of palam.

Princess Elizabeth visited a style parade and commented that "some of the new models are returning to a more normal look." She wore a new length cut of turquoise gabardine.

Eighty-two-year-old U.S. Senator Arthur Capper announced he would not run for reelection. He has held down a Republican seat for Kansas since March, 1919.

A 23-year-old husband and father, and a 17-year-old girl, from York, Pennsylvania, are in custody in Wichita, Kansas. The man, Arthur Dea, said, "We love each other. But he was charged with kidnapping the girl's husband, Thomas Kalinski, who said he married her April 15, slightly more than a month before the couple ran away."

The family of Frank Bisconti, of the Bronx, had to cut their plans a little bit. They thought they had won \$100,000 in the English Derby Army and Navy Sweepstake, but later learned it was only \$25,000, of which taxes would leave about \$15,000.

Henry VIII's wedding to Anne of Cleves may be made legal by the current House of Lords. A statute law revision bill now being debated will, among other things, if carried, make the wedding legal, clear a subject of Henry VI of treason; liberate seven people charged in the execution of Charles I and repeal an act calling for "paying of the high way between the Stour and the Churn."

In Tokyo, Francis Cardinal Spellman has denied reports that he and Monsignor Fulton J. Sheen will discuss the possibility of Hiroshima becoming Catholic with the Emperor himself. A Catholic spokesman said, however, that the cardinal is to meet Hirohito Wednesday.

In flooded B.C., the RCMP's "Operation Housekeeping" delivered 13 tents, 250 blankets, 25 wash basins, 110 palliases and 100 blankets to Cranston, B.C., where the Lord Strathcona's Horse will go into the line against flood.

In Singapore, the left-wing Malayan Nationalist party snubbed an Australian Good Will mission to Southeast Asia. Said Asian Leaders: The snub was caused by fear of the "White Australia" policy.

The new government of Czechoslovakia is expected to pass a law which will give women the right to retain their maiden names, when married, and children the right to choose either the mother's or father's family name.

More than 70 women and children have been evacuated to Winnipeg from Favorable Lake, Ontario, where their homes were nearly surrounded by raging forest fires.

In Nuernberg, Germany, army investigators are holding an American Army lieutenant pending investigation of an incident in which a soldier was said to have slapped the lieutenant's wife, insulted her, and then struck the lieutenant. The officer gave chase and fired a warning shot, allegedly over the soldier's head, which struck and killed him.

Governor Thomas E. Dewey demanded in Albany, New York, that \$2,000,000 cut from the China and European Recovery Programs be restored by the Republican-controlled congress. Said he: "The original authorizations... were the proper amounts."

Field Marshal Jan Christian Smuts, former South African Premier, said in London, England, there is no danger of the Union leaving the Commonwealth. His defeat in the recent election he attributed to: "The post-war desire for change."

DWIGHT EISENHOWER... A new job.

A fire which gutted a hotel at Kilgore, Texas, took the lives of four persons and injured five others, before it was brought under control in less than an hour. Fifty other guests fled, jumped, or were carried to safety.

A Memory
Just 52 years ago today, the first screen kiss was put on celluloid. Participants were May Irwin and John C. Rice in a pre-war show called "The Widow Jones." Said the elyric of the day: "A lyric of the stockyards."

World
Eire's welfare minister Norton told people of the Emerald Isle that new legislation to be introduced in the Dail this year would provide dowries "so that love's young dream may blossom."

Crime
Simcoe, Ontario, police were called to arbitrate an involved family and triangle argument but told the people to settle their own difficulties. They did. Louis Stewart, 43, and John Kipp, 36, were shot to death. Police are now holding Seth Linton, with whom Stewart's wife was said to be living as his housekeeper, on a charge of murder.

In Manila, someone stole the personal jeep of Colonel Alberto Ramos, chief of the national police. It was later found, stripped and repaired in a nearby town. The town's chief of police was ordered to make a command appearance. The garage owner who had the jeep said he bought it from the official.

Mrs. Colleen Berry, 21-year-old mother, walked into the Van Nuys, Calif., police station and signed a statement saying she had killed her brother-in-law in 1947. Her husband has been in San Quentin prison on a life term for the killing since last year.

Accidents
Robert M. Booth, 16-year-old Niagara Falls, Ontario, youth, was tossed through the roof of an 18-year-old car which plunged over an embankment and somersaulted. His injuries: not even a scratch.

At Harrisburg, Pennsylvania, a short circuit charged the ladder into a swimming pool and the water around it, killing Clyde Peters, 12, and stunning Rosemary Fritz, 10, who was dragged to safety. Two youths, who saw Peters go down, dived in, but were also stunned and had to be pulled to safety.

Truman Expected To Be Nominated

South Democrats Giving Up Hope of Beating President

By Jack Bell
WASHINGTON, June 7.—(AP)—Despite an anti-Truman flare-up in Nebraska, balking southern Democrats have given up hope of keeping President Truman from getting the democratic nomination. They may bring out a post-convention presidential candidate of their own.

Senators Walter George and Richard Russell of Georgia are being mentioned as among the most likely to carry the banner for a new southern Democratic party if one can be formed.

Just now the southerners are all mixed up on where they stand in their fight against Truman's civil rights program.

Some states, like Alabama, have directed their electors not to vote for the president. Others, like Texas, have instructed their delegations to fight Truman's program but to stick with the convention nominee. The program is regarded as an infringement of state rights.

EFFORTS BOOMERANG
Truman, himself, meanwhile, tried to make his own convention delegates as he travelled westward on a political barnstorming tour.

His efforts in Nebraska boomeranged. But lacking only 20 odd pledged or undisputed votes to reach the 618 he needs, he seemed likely to sew up a first-ballot nomination early this week.

Among delegates already picked, Truman lost at least one but picked up another over the weekend. William Ritchie, Nebraska state democratic chairman and a delegate to the convention opening July 12, announced in Omaha Sunday that "after what happened yesterday" he will cast his vote "for some Jeffersonian Democrat."

Ritchie declared that Nebraska and Iowa Democrats were "given the bum's rush" during the president's visit to Omaha on Saturday. The state chairman said arrangements for the visit were "in the hands of Republicans" and that as a result only 2,000 persons turned out to hear the president in a stadium which seats 10,000.

Rampant Fraser Rips Out Bridge
(Continued from Page One)

The army has corralled 1,800 cattle at Chilliwack's school of military engineering, and has salvaged 50 tons of hay from the area to feed them. Portable canvas water reservoirs are used to water them.

Province-wide high temperatures are predicted again for today, and melting snowfields hourly add to the menace.

Dikes are still holding against the tremendous pressure of the river, but must meet the challenge of the high tides rising to 14.4 feet Thursday night.

COLUMBIA RISES
The Columbia river rose 5-10 feet in the last 24 hours. Tons of driftwood are adding to the danger, but diking is well in hand on both sides of the river.

Creston, 130 miles east of Trail, is preparing for a crisis as the Kootenay continues to rise. The untamed streams raced through mountain gorges to the headwaters of the Fraser, Thompson and Columbia.

The new threat followed yesterday's heat wave when nearly all sections of B.C. recorded the hottest day of the year with some centres racking up four-year highs for June.

SNOW MELTING
Weather officials said snow was melting on the mountains up to 14,000 feet and the huge, thawing reserves of mountain snow would add to the flood menace. They predicted "no break" from temperatures in the 80's and 90's.

The Pacific ocean also seemed bent on adding to the appalling toll of devastation. Spring tides each night this week moved up Fraser and Columbia river mouths in their highest swells of the year.

Expected to reach a peak of 14.4 feet in the Fraser Thursday night, the tides hold back the river's normal runoff throwing new pressure on substantial barriers.

During the week-end B.C.'s 33,500 flood workers were given a temporary lull in the flood blitz as no major dike breaks were reported.

NEW RESERVES DUE
New reserves are due today to relieve weary dikers. About 200 soldiers, coming from Victoria and Nanaimo, will be sent to Pitt Meadows, 25 miles east of here.

More volunteers also are expected from the United States. Mayor Peter Barbeau and 300 men from Blaine, Wash., joined the B.C. battle yesterday.

The King's birthday today will not be marked by official military ceremonies. A spokesman announced that with the entire army, navy and air force in action on the flood battlefield, "the occasion will be observed quietly."

One of the "actions" during the week-end was the rescue of Mr. and Mrs. Ivan Walker and their nine children by Chief Petty Officer H. J. Ward of Victoria.

He found the family, the mother holding a five-month-old child, on a water-surrounded knoll near Harrison Hot Springs, 58 miles east of here. They had been on the flood-made island in the Fraser for three days.

RELIEF PROMISED
A promise of relief soon for flood victims came from External Affairs Minister St. Laurent. After an aerial survey of the afflicted Fraser valley area, the federal minister said relief would not be delayed by waiting to determine the damage extent.

East-west railway communication, disrupted by slides and washouts for a week, will be partially resumed today. Transcontinental trains will go as far as Haig and Hope, 100 miles east of here, passengers then going by bus to Vancouver.

Meanwhile at Trail in the West Kootenays, hundreds of volunteer workers still were battling the rising Columbia. Part of the main street is under water but dikes remained above the level of the water. Anti-panicking appeals yesterday were made from pulpits of city churches at the request of flood relief director J. P. Coates.

GUIDED MISSILE TO BAG ENEMY PLANES

WASHINGTON, June 7.—(AP)—The United States navy is developing a guided missile to knock down enemy planes more than seven miles away.

The rocket-propelled missile will ride a radio beam to targets from 5,000 to 15,000 yards from the mother ship and will be ready for fleet installation by 1950.

Details of the guided missile and a glittering array of new weapons were disclosed in navy department appropriation hearings.

The navy plans to build 50 of the new anti-aircraft missiles at a cost of \$5,500 each for training and study.

Among delegates already picked, Truman lost at least one but picked up another over the weekend.

William Ritchie, Nebraska state democratic chairman and a delegate to the convention opening July 12, announced in Omaha Sunday that "after what happened yesterday" he will cast his vote "for some Jeffersonian Democrat."

Ritchie declared that Nebraska and Iowa Democrats were "given the bum's rush" during the president's visit to Omaha on Saturday. The state chairman said arrangements for the visit were "in the hands of Republicans" and that as a result only 2,000 persons turned out to hear the president in a stadium which seats 10,000.

Stiff Penalties
MEXICO CITY, June 7.—(AP)—Stiff homicide penalties will be enforced to check traffic deaths, the attorney-general's office said today. Drivers of "death cars" will be charged with intentional homicide. Conviction means 13 to 20 years in jail.

City Philatelist Claims Top Honors

Stamp Stock Has Grown For Seventeen Years

By his own admission, Harold Thomas Wevill, Edmonton stamp dealer, is the owner of "the largest and most complete stock of stamps in Western Canada."

"This claim," said Mr. Wevill, "became valid last Thursday, when I had the extreme good fortune to purchase a stamp collection which surpasses any I have seen in my 25 years as a philatelist. The collection referred to is the result of 15 years' labor, representing hundreds of dollars and thousands of hours, by an Edmonton man who, at 35 years of age, suddenly decided to give up his hobby. This decision to sell, by the unidentified collector, has made Harold Wevill the happiest dealer in Edmonton."

An interested visitor to his rear-office, philatelist's haven, at 10052 100 street, will be shown dozens of morocco-bound albums with stamps mounted in cellophane pockets, stock, rare booklets, and miscellaneous boxes—each container

indexed, catalogued and over flowing with stamps.

However, philatelist Wevill does not base his claim of Western Canada's leading stamp-dealer solely on his latest acquisition.

After 17 years as a dealer, he has built up a sizeable stock—long before his lucky purchase.

Seven years overseas with the Canadian army, in England, France, Belgium and Germany, afforded Mr. Wevill an excellent opportunity to purchase stamps, and what is more important, to establish philatelic contacts which are invaluable to him today as a source of supply.

Callers at the Wevill stamp mart, philatelist or not, will be heartily welcomed, and the 48-year-old proprietor, who would just as soon talk about his stamps as sell them.

Freddy Martin, Band Appear Here June 16

Freddy Martin, the man who gained fame by dancing the classics to everybody's doorstep, will be in Edmonton June 16.

The famed orchestra is scheduled to appear in the Trocadero Ballroom for one night only.

Martin's climb to success began with his famous recording of Tschakowsky's "Piano Concerto in D minor," which he popularized as "Tonight We Love."

The record sold more than a million copies in a short time. His orchestra in the next year made many recordings which were "tops" in popularity, including "The Hut Hut Song," "Why Don't We Do This More Often," "Mangusa Nicaragua," "Bumble Boogie," and "Onery Tuesday."

During successful tours he has appeared at the Waldorf-Astoria and St. Regis Hotels in New York and the Palmer House in Chicago. His home "stand," however, is the Coconut Grove of the Ambassador Hotel in Los Angeles where he has appeared for several years.

He is also regularly heard on the Jack Carson radio program for which he provides "Music by Request."

He will also be remembered for his noted screen work in such movie successes as "The Mayor of 44th Street," "Stage Door Canteen," "Hit Parade of 1933," "What's New?"

CAR HURTLES DITCH, CRASHES, ONLY ONE HURT

CALGARY, June 7.—(CP)—Clayton Sailer, 15, is reported resting comfortably in hospital today after being injured Saturday night in an automobile accident on the Banff highway 18 miles out of town.

Four other persons in the automobile escaped with minor injuries when the vehicle left the road, hurtled through a ditch and fence and then overturned several times. Sailer was taken to hospital for observation.

Wesley Church Call Jackson

Calling of Rev. Thomas Jackson, A. to the pulpit of Wesley United Church, was unanimously approved by the congregation Sunday.

Appointment of the minister was recommended by the Wesley United Church board and the Pulpit Supply Committee.

The call, when submitted to the Edmonton Presbytery, will be supported by interim moderator Rev. Murdoch A. McKinnon, present minister of Wesley United, Nellie V. Buchanan, W. H. Stearns and Mrs. N. McDermott.

It will be accompanied by a guarantee of statement of \$2,700 a year, use of furnished manse and one month's vacation a year.

It is expected that Jackson will take over his duties on July 1, when he returns from Dawson Creek, where he has been substituting during the illness of a fellow minister.

At 32 years of age, he will be one of the youngest ministers in Edmonton.

He is a sports enthusiast, and is expected to take an active part in recreational activities of the church.

Other officers are: A. E. Dupen, Leithbridge, second vice-president; Charles B. Guterson, Drumheller, third vice-president; Robert McDonald, Edmonton; A. L. Urech, Rocky Mountain House; A. G. Swickerton, Macleod; Joseph Bell, Claresholm; Harold Scott, Calgary; H. G. Curlett, Westlock; J. M. Popill, M. A. Spirit River; Robert Arley, Calgary; R. Pickering, Medicine Hat, and J. J. Blake, Holden, directors; Fred Thomson, Calgary, is supervising secretary.

Although the tomato is native to America, it was eaten in Europe long before people in the U.S. used it for food, about 1855.

Ex-Mayor Dies KINGSTON, Ont., June 7.—(CP)—J. Stuart Crawford, 56, former mayor of Kingston, died at his home Saturday night following a heart attack. He had been in ill health for some time. His resignation as mayor, effective May 1, due to ill health.

Police reported a hectic week-end today. Cells were crammed with 26 offenders Sunday morning.

Most arrests were made for liquor offences ranging from illegal possession to being drunk.

Nine prisoners were released on bail. Although only one serious break-in was reported, thieves netted a variety of loot taken from yards and lawns.

A house occupied by M. Meier, at 1944 89 street, was entered and ransacked Saturday afternoon, according to police.

An electric razor and \$45 in cash were found missing.

Items reported taken from city houses include six bicycles, one tricycle, one baby carriage, a wheelbarrow, a hammock and a quantity of clothing from a clothesline.

Thieves breaking into parked automobiles obtained one robe, two coats and a suitcase.

No police court was held today because of the civic holiday.

Hotelmen Arriving For Big Convention

Executive officers and directors of the Alberta Hotel Association are arriving in the city today in preparation for the opening of the association's 27th annual convention.

It is expected that more than 400 will attend the convention which will get under way Tuesday morning at the Macdonald hotel.

Registration of delegates will open at 10 a.m. followed by the presidential address, given by George W. McLean, Edmonton vice-president.

Mayor Harry Ainlay will greet the hotelmen on behalf of the city, and the balance of the morning session will be occupied with association business.

At the Tuesday afternoon session A. J. Mason, chairman Alberta Liquor Control Board, and A. J. Garinther, Montreal, president of the Hotel Association of Canada, will address the meeting.

Hon. J. L. Robinson, minister of industry and labor, will be the principal speaker at a banquet in the main dining room of the hotel Tuesday evening.

Wednesday the principal business to come before the convention will be reports of committees, nomination and election of officers, and setting the venue for the next convention.

During Wednesday afternoon T. Eaton Co. (Western Ltd.) will host to the women visitors at a tea at the Macdonald hotel.

The convention will close with the annual dance, also to be staged at the Macdonald.

Mr. Broderidge reported that the cheque was mailed Friday from Toronto.

Mountie Band Here Today

The band of the Royal Canadian Mounted Police will arrive in Edmonton today.

They will be brought to the city by a North Star aircraft of the RCAF and are scheduled to arrive at 6:45 p.m.

While here, they will make three public appearances.

A parade will leave 107 street and Jasper at 11:30 a.m. Tuesday.

The route will take it down Jasper to the RCMP barracks at 101A avenue.

A free public concert will be presented at the grandstand of the exhibition grounds Tuesday at 8 p.m.

Wednesday, the band will play a concert in front of the Colonel Mewburn Hospital for the benefit of patients.

From Edmonton, the band will tour other prairie points.

Alberta towns scheduled to play host to the police-musicians are Deer, Calgary, High River, McLeod, Lethbridge and Medicine Hat.

The entire tour will be completed in one month, with the band scheduled to return to Ottawa July 1.

Members of the band, although all accomplished musicians, are also full-time members of the RCMP administrative and clerical staff in Ottawa.

B.C. May Start Collecting Sales Tax On July 16

VICTORIA, June 7.—(CP)—British Columbia may start collecting the three per cent retail sales tax July 16.

Welfare minister George S. Pearson announced Saturday that effective July 1, the province will increase by roughly 15 per cent retail social allowances and mothers' allowances.

Thus it was hinted that the sales tax, formerly called the social security and municipal tax, will come into effect on that date.

If judged by the amount of their time and money devoted to religion, the people of Tibet probably are the most religious in the world.

Dark superstitions and black magic constitute the greatest obstacles to Christianity in the Belgian Congo.

But Christianity is making steady progress, Rev. Father Adolf Guterson of the Millhill Mission Society, said here today.

Millhill-born Father Guterson is visiting his brother, C. B. Guterson of Drumheller, after 38 years in the heart of darkest Africa.

IN EDMONTON The Congo priest is in Edmonton with his brother, who is third vice-president of the Alberta Hotel Association.

Convention of the association starts here Tuesday.

Of 12,500,000 natives in the Belgian Congo, 2,500,000 are no Roman Catholics, Fr. Guterson said.

The native medicine-man or witch-doctor still strongly opposes the advance of Christianity.

But the witch doctor fights a losing battle, Father Guterson declares.

"It will take centuries to completely wipe out the old native superstitions.

The natives cannot understand natural death.

Everytime a person is sick or dies the native attributes this to an evil eye or human influence," the priest explained.

SECOND TRIP Now 61 years of age, Father Guterson is making his second trip to the outside world in nearly 40 years.

In Canada he hopes to raise money with which to purchase a truck for work in his mission territory that is 125 miles in width and 100 miles in length.

The Belgian Congo government is building good roads in the vast territory and the whole country is going modern, he said.

The Millhill Mission to which Father Guterson belongs, is 3,000 miles from the coast. There are 45 Dutch and five English priests and several nuns at the station.

Sections of Criminal Code to Be Tightened

OTTAWA, June 7.—(CP)—Justice Minister Ilesley told the Commons today the government plans to tighten up sections of the criminal code dealing with sex crimes, libel and culpable homicide.

He made the statement before obtaining first reading of a bill making these and other wide-spread changes to the code.

The third section will be intended to cover charges of conspiracy to publish defamatory libel. The new section of the code will read: "Nothing in this act authorizes any court in one province of Canada to try any person for any offence committed entirely in another province; provided that every proprietor, publisher, editor or other person charged with the publication of a newspaper or any defamatory libel or with conspiracy to publish in any newspaper and defamatory libel, shall be dealt with, indicted, tried and punished in the province in which he resides, or in which such newspaper is printed."

CHARGE REQUESTED Requests for the change resulted from the recent New Liberty case when Jack Kent Cooke, publisher of the Toronto magazine, and Harold Dingham, its Ottawa correspondent, were brought before Alberta courts on charges of conspiracy to libel. The charges later were stayed by the provincial attorney general.

Mr. Ilesley said that whenever a person is convicted of a sex offence, the attorney-general may authorize the hearing of evidence as to whether the offender is a criminal sexual psychopath.

INDETERMINATE SENTENCE If the court finds the accused to be a criminal sexual psychopath, he may be sentenced to for "an indeterminate period thereafter."

The new section of the code adds that "the minister of justice shall once at least every three years during which a person is detained in custody for an indeterminate period review the conduct, history and circumstances of that person with a view to determining whether he should be placed out on licence and, if so, on what conditions."

Columbia Dike Front Weakens

PORTLAND, Ore., June 7.—(AP)—The United States Army today threw a fresh engineering field command against the raging Columbia river in a desperate attempt to hold the weakening 100-mile dike front from Portland to the Pacific.

Twenty-six officers of the Army Engineer Corps rushed to critical points in the heavily-barricaded lower valley as the great river built up pressure with its second flood wave in a week.

The huge task was to prevent expansion of the flood toll by the Columbia and Fraser rivers in Oregon, Washington, Idaho, Montana and British Columbia—28 dead, 52 missing, about 60,000 homeless, damage of perhaps \$140,000,000.

The new flood crest was deep into the already hard-hit industrial area around Portland and Vancouver, Wash. It was surging toward the coast. There are 45 Dutch and five English priests and several nuns at the station.

Ma-Me-O Beach Conditions Ideal

MA-ME-O BEACH, June 7.—Three glorious week-ends and almost perfect weather for the intervening days have made holidaying ideal at Pigeon Lake. It looked for a while as if the beach at Ma-Me-O would be spoiled owing to the exceptional height of water. However, with the heavy rain through Pigeon Creek, the water is gradually receding and what at one time seemed a drawback now appears to be a blessing in disguise.

All foreign matter has been washed from the shore and the water in the lake has never been as clean and beautiful as it is this year.

The road to Pigeon Lake earlier was in very bad condition but the government has a crew of gravel haulers busy and the highway soon will be in good shape. Over the May 24 week-end, every cottage for rent at Ma-Me-O was filled to overflowing and it was surprising to see so many visitors for the last two.

Top Calf Prizes To Markerville

Don't Miss Healy's Budget Plan To Purchase Your TIRES—BATTERIES AUTO ACCESSORIES ON EASY TERMS

Healy Motors LIMITED Jasper at 105 St. Ph. 22247

A crew of 12 men is working on the project, all the employees are from the United States. The first shower of rain which was very scant and accompanied by thunder was much welcomed on Tuesday evening. The land had become very dry. Seeding operations have been hampered since the start and are progressing rapidly.

Church Services At Alberta Beach

ALBERTA BEACH, June 7.—Church service was held in the school here Sunday by Rev. A. W. Magee, of Stony Plain, United Church. Service will be held on alternate Sundays throughout the summer at 7:30 p.m. There will be Sunday school every Sunday during June at 2:30 p.m. Mrs. M. Simpson is teacher and Mr. McNutt, caretaker of the school, gives his time on that day to school duties.

Rebekahs Start At Dawson Creek

DAWSON CREEK, B.C., June 7.—The first Rebekah Lodge to be instituted in the Peace River district of B.C. was officially brought into existence on May 30. Sister Rita Davidson, president of the Rebekah Assembly of B.C. and Brother Oscar C. Mason, Grand Master of the Grand Lodge were in Dawson Creek to institute the new Order.

Officers were elected and six members initiated. The lodge, to be known as the Charlotte Rebekah Lodge No. 65, will meet on the second and fourth Thursdays of each month.

Lacombe Seeding Almost Complete

LACOMBE, June 7.—Seeding in this district is almost 75 per cent completed, according to agricultural officials of this district. Farmers, working in relay around the clock, are taking advantage of the past two week's near-perfect weather to drive a deep dent in the spring work, over a month late from the average.

Wheat acreage has declined radically from last year's figure, dominion experimental station officials here state, due to the late spring.

Didsbury Fire Victim Recovering

DIDSBURY, June 7.—Bill Goutash who was badly burned about the hands and face in the disastrous fire on May 1 is convalescing slowly. He will soon be able to return to work.

The Red Cross Blood Donor Clinic will come to Didsbury on Tuesday, June 20, and arrangements are now being completed for the event.

WREN BUILDS NEST IN FARMER'S POCKET

WESTLOCK, June 7.—An eye for the "long and green" is owned by a wren on the A. H. McCabe farm. A week or so ago, Mr. McCabe threw his coat, with some money in one pocket, to one side in a shed on his farm while he attended to some work.

Forgetting it for a few days he found that someone else was using it. A wren had built her nest in the pocket, and with woman-like intuition had picked the pocket with the money.

Mr. McCabe says that the coat and the shekels stay put until the three eggs are hatched and the young have left home.

Last year, to escape depredations by sparrows and other birds a wren on the McCabe farm built her nest in the tractor tool box. Mr. McCabe says he was very disappointed to see one wren nest, built in a spot that was accessible to sparrows, torn to bits within hours of its construction by the vicious "Cheepers".

Tractors are being run on 24-hour shifts. Winter wheat and rye are looking good.

A live lobster is green. Due to a chemical change in boiling, the color changes to red.

Higher Church Pensions Urged

By KEN BOTWRIGHT
TORONTO, June 7.—(CP)—Increase in pensions for retired Presbyterian ministers Saturday was recommended to the 14th general assembly of the Presbyterian Church in Canada by C. M. Pitts of Ottawa.

Present pensions for ministers retired at 70 after 40 years of service are "totally inadequate," he said. He urged that rates be boosted from the present \$8.75 for every year of service, to \$10. This would raise the total pension from \$350 to \$400.

Chairman of the pension board, Pitts said 133 retired ministers, 135 widows and 13 children received \$75,214.63 from the church last year. His board had a surplus of \$168,000.

A petition for ministers' retirement at 65 after 25 years of service was rejected by the pension board.

"In order to grant retirement at 65, present pension rates for ministers would have to be increased 75 per cent," he explained. "Rates for widows and children would also have to go up."

CSU Is Striking Against 4 Firms

Charges Agreements Violated By Great Lakes Companies

TORONTO, June 7.—(CP)—Members of the Canadian Seamen's Union (TLC) were on strike today against four Great Lakes shipping companies which have refused to sign agreements with it.

The union charged that the companies had "violated their agreements with the union" and had "broken every labor law." It claimed late last night that the strike action had affected 16 of the lines' 80 ships.

But a spokesman for Canada Steamship Lines, one of the companies involved, predicted in Montreal last night that the strike would not last long "because police undoubtedly will step in to maintain law and order."

POLICE ARRIVE

(At Cornwall a truckload of Royal Canadian Mounted Police arrived yesterday and Ontario Provincial Police reinforcements from Ottawa were reported on their way.)

The spokesman said the reason CSU president Harry Davis gave for the strike was "a brazen lie." He said the contract with the CSU had terminated and the legal six-months' notice given.

The CSL was under no obligation whatever to deal with the CSU and the labor department had not once suggested that it should deal with Tankers.

THEY EASILY GET FROTHY

RICHMOND, Va., June 7.—(AP)—The arguments hadn't even started, but several candidates for the Richmond city council just missed frothing at the mouth.

Somebody had filled the water picher on the rostrum with liquid soap. The meeting chairman took a sip, frothed—and saved the candidates.

It to the exclusion of any other union.

COMMUNIST CHARGES

The lines refused to deal with the CSU, claiming it was Communist-led. The CSU insisted it was the recognized bargaining agent. The dispute has simmered for two months while members of the rival Canadian lake seamen's union sailed the companies' ships.

The other lines involved are the Sarnia and Colonial Steamships, Northwest Steamships and Transit.

MIDGET RACING, long popular in American centres as a nerve tingling sport, may make its debut in Alberta this summer under guiding hand of miniature car-builder Elmer Davey, 11937 97 street. Under the hands

One Hurt, One Jailed In Accident

Is Edmonton's Elmer Davey

One man is in hospital and another man arrested for dangerous driving as a result of two automobile accidents on the Port Road Saturday night.

Arrested for dangerous driving is Brian McKenna, 11404 58 street, who was involved in an accident about 2 a.m. Sunday.

McKenna is alleged to have struck a car driven by Andrew Andrichuk, 7608 119 avenue near 54 street on the Port Road. Andrichuk's car was damaged on the left side.

Front fender, both doors and running board were battered on Andrichuk's car.

In another accident near midnight Saturday Elton Lavioie, 12008 81 street, was taken to Royal Alexandra hospital.

Lavioie suffered a broken elbow and skull, according to hospital officials.

Philip Hagamey, North Edmonton, told police he was driving east on the Port Road between 56 street and 60 street when a car driven by Lavioie hit the left side of his truck.

Lavioie's vehicle overturned on its right side.

Extensive damage was caused to the left side of Hagamey's truck.

No charges have been laid by police.

Rifle Meet July 11 to 17

Alberta Provincial Rifle Association Prize Meeting will be held at Sarnia Range, Calgary, July 11 to 17.

Entries received later than July 6 will be penalized.

Advance entries and enquiries are to be sent to Lieutenant-Colonel J. J. McDougall, 1332 Third Street North-East, Calgary.

All-weather rifle and pistol competitions will be held.

Visitors will be welcomed and luncheons, teas and dinners will be served.

AT THE AIRPORT

Traffic May Pass 1943 Wartime Peak

Since the end of the war, traffic at Edmonton's airport has been on a steady increase, each month's figures surpassing those of the previous month, until now it is hitting a dizzy pace.

A total of 8,043 commercial planes landed and took off from the huge runways during May.

"This is a big increase even over the month of April," Captain James Bell, manager of the airport said. "For the same month a year ago, there were only about 3,000 arrivals and departures."

This actually does not give a true picture of the passenger travel, the manager points out.

"You have also to consider the size of the aircraft. Some triplanes are carrying twice as many passengers as they were a year ago."

Capt. Bell expects the total arrivals and departures to rival the peak year of the war, 1943.

Figure for that year was more than 90,000, he said.

Freight, as well as passenger travel, is also increasing remarkably.

During the three-month period January to March 31, 250,000 pounds of freight were handled through the Edmonton airport.

British Columbia's crippling floods, although causing a national disaster, is giving air travel one of

City Air Cadets To Be Inspected

About 100 members of the Edmonton Air Cadet squadron will parade for special inspection tonight at No. 5 hangar at RCAF station Edmonton at 8 o'clock.

Eric Duggan, provincial vice-chairman of the Air Cadet League of Canada, said today that inspection of all squadrons in northern Alberta is nearing completion.

The inspections have been going on for about three weeks and 25 Alberta squadrons were to be inspected.

Air Vice-Marshal K. M. Guthrie, air officer commanding, North West Air Command, is expected to be on hand for the inspection tonight.

He will be accompanied by other air force officers and Major Maurice Brown, Calgary, provincial chairman of the air cadet league.

To Curb Vandals Police Say

Precautions against vandalism to city schools will be started soon, according to city police officials today.

With the approach of the school holiday season, special police patrols will be used to prevent damage to the buildings, police said.

Most trouble in past years has been caused by youths breaking windows in the schools, they stated.

Parents are urged to warn their children against damage to school property.

Forest Heights HSA To Meet Wednesday

Monthly meeting and election of officers of the Forest Heights Home and School Association will be held Wednesday at 8 p.m. in the school.

Speakers will be Dr. A. A. Aldridge, Supervisor of Home Guidance for the Department of Education.

RACE PLANS

Manning one himself and with his brother and two friends in a permanent motor race, is another matter altogether. After all, she is a housewife and the mother of three young sons.

If present plans materialize, Mr. Davey expects to have a display of his work at the Edmonton Exhibition this year.

Strike Cancelled

PALMER, Selly, June 7.—(AP)—Sellyan labor leaders called off a general strike scheduled to begin last midnight. The strike threat arose from a stalemate in negotiations between dockworkers and employers.

A report out of Calgary has it that airline officials at Los Angeles are considering a proposed non-stop Western Airlines flight from Alberta to Denver, Colo.

Knowledge of the proposed flight. It would connect both Calgary and Edmonton with the American schedules through Great Falls, Lake City, and Los Angeles.

"Specialist in the unusual" is the self-imposed title of Elmer Davey, midget car builder on Edmonton's North Side.

But to the goggle-eyed kids who watch with open-mouthed awe, while he transforms old hunks of metal and wheel-barrow wheels into pint-sized, but sturdy vehicles, a more apt title might be "The Wizard of Oz."

Elmer's creations are tailor-made to fit the day-dreams of every boy, but there are some pretty big boys (anywhere up to 400) who have put in orders for one type or another of the "wee" run-a-bouts.

First job to come off the home-workshop production line at 11937 97 street was a two-wheeled scooter for the "boss" himself.

This was strictly from necessity, though, and not just a casual idea.

Gunner Davey was discharged from the Artillery in 1943 because of a bad leg picked up in an Army motor-cycle smash.

"So, to save wear and tear on the leg and pocketbook, he built himself a 'putt-putt'."

But that turned out to be just the beginning.

Next came one for his brother then this friend, then that friend; and in fact, there have been eight of them made and sold.

SOMEWHERE along the line, "Scout-er" Davey decided to become a "Car-builder" Davey.

Besides, his creative fancy had been intrigued by the midget cars and racers he had seen while leafing through the machinist's "bible" "The Popular Mechanics" magazine.

Following the magazine's illustrations, but making his own modifications, Elmer has almost finished a midget racer that is going to have every youngster in town "working" on his father to get it for him.

But despite the small proportions (6 feet long, 3 feet wide and 1 foot high), it will be too much of a "hot-rod" for kids to play with.

Builder Davey expects the 250-mile-per-hour for its five hp "buggy bee" engine.—And at 65 "buggies" for the gallon as well.

Creator of the small racers wants to build at least four of them by next Spring.

Most recently completed job is the Davey "car factory" was for a young lad whom Elmer calls "the luckiest boy in the world." And the neighborhood kids certainly agree with him.

Mr. Davey hopes, someday, to do this sort of work full-time. And when he does, it will be too much of a "hot-rod" for kids to play with.

When he does, it will be too much of a "hot-rod" for kids to play with.

Alberta's Social Crediters Not Officially Recognized

Probe Reopens Tuesday a.m.

Probe of child welfare conditions in Alberta will resume Tuesday morning at 9:30 at the Edmonton court house.

Royal Commission investigating welfare adjourned 10 days ago when the chairman, Chief Justice W. A. Hovell, was ordered to hospital by his physician.

The chief justice was reported to be in fairly good health today and ready to proceed with the hearings. Counsel associated with the government child welfare commission express the belief the probe will conclude in the next two weeks.

Once Mr. Hovell has completed his testimony other witnesses are not expected to require much time on the stand.

Ukrainian Canadians To Convene In City

Ukrainians meet in Edmonton June 10 to 13.

One hundred and twenty delegates from throughout Alberta are expected to attend the provincial convention of the United Ukrainian Canadians in Edmonton June 10 to 13.

The convention will be held in the Ukrainian Labor Temple, 10628 96 street.

Meetings will be open to the public, but only official delegates will have the right of discussion.

Scheduled for consideration is a resolution protesting the entry to Canada of Ukrainian Nazi collaborators under the guise of DPs.

The convention will conclude with a picnic in Victoria Park Sunday.

Seven Posts Gone, Man Fined \$50

A man who demolished seven steel posts on a 120-foot bridge was fined \$50 and costs of three months at Fort Saskatchewan, in police court Saturday.

Charged with dangerous driving, Norman D. Anderson, 8822 95 street, pleaded guilty before Magistrate A. I. Miller.

According to evidence Anderson was driving east on 102 avenue about 11:30 p.m. Friday.

As he approached the bridge at 120 street he is believed to have lost control of his vehicle and ploughed into the posts.

Heavy losses were suffered by three or four people who didn't have their shipments insured, Mr. Broderick said.

One trapper in particular lost all his summer's equipment, the managing director said.

Some of the people felt that the transportation company should be responsible for the losses, but Mr. Broderick said.

Almost half of the total cargo was salvaged from the wreckage, but some of it cannot be identified.

Religion School Meets In Calgary

The Alberta School of Religion will meet at Fairweather Camp, Calgary, July 20 to 29.

Speakers will be Dr. James G. Endicott, Toronto, Ontario, subject will be "The Bible as a Guide in a Revolutionary World," and Dr. Alan A. Hunter, Los Angeles, who will speak on "Light, or Failure That, Lightening."

Arrangements are in the hands of Rev. H. M. Horricks, Medicine Hat.

British Organ Lists Only Five Canadian Groups

Alberta's "Douglas Social Credit Council" is not on the list of official councils recognized by the British Social Credit.

The latest issue of the paper, official organ of the Social Credit Secretariat in England, shows only five Canadian groups registered.

The paper is considered to be the mirror of the opinions of Major C. H. Douglas, "father" of the movement.

Only Alberta group listed is the South Edmonton DSC group headed by R. H. Ashby, son of Pat Ashby, MP for East Edmonton.

The other Canadian groups listed, four in number, are: two in Ottawa, (a parliamentary group and the DSC Bureau of Canada), one in Vancouver and one in Liverpool, N. W. Scotland.

Head of the Douglas Social Credit Council for Alberta is A. V. Bourcier, M.L.A. Lac Ste Anne, western chairman of the now defunct Social Credit Board.

At the time of its inception, the local branch was said by spokesmen to have the "blessing" of the Social Credit Secretariat.

Omission of a group name from the list in the official publication is not generally considered a blessing, but merely a rebuff.

Included in the copy of the Social Creditier is a form to be filled out by groups who desire to be in accordance with the advice of the secretariat.

By filling out the form, organizations undertake to subscribe to the Social Creditier regularly and "not to discuss with others, without authorization, the details of special advice received from the secretariat."

Other members of the Alberta DSC council are J. P. Gilles, former editor of the Canadian Social Creditier, Kenneth Burton, writer for the paper, and R. Earl Ansley, former minister of education who resigned during the 1946 session of the legislature.

Seeding Nears Completion

All Alberta seeding will be finished by Saturday according to a report issued today by the Alberta Pacific Grain Council.

Though the delay in spring seeding was due in excess moisture conditions, crops in large parts of the province are already in need of rain, the grain company's report said.

The whole eastern half of the province and the entire Peace River district is showing need for moisture. Warm weather and drying winds have lifted top-soil moisture with the result germination in these districts is slow.

Seeding in a narrow corner of the province southwest of Calgary was most seriously delayed. It is now only about 70 per cent completed. It is said only 70 per cent of the coarse grains are seeded.

In the rest of Alberta percentage of wheat in the ground varies from 85 to 95 per cent and coarse grains from 50 to 70 per cent.

Students Nab Housebreaker

A man apprehended by a posse of University students Friday, elected to be tried in supreme court on housebreaking charges, Saturday.

William Zemenchuk, Cecil Hotel, was arrested by police Friday following his capture by students on the campus.

No plea was taken in police court Saturday.

He was remanded until June 10 for preliminary hearing.

Zemenchuk was tracked down following reports by students of a prowler in residences over a period of a week.

About \$40 in cash was taken from a student's room May 29, police said.

Zemenchuk is alleged to have been seen in corridors and rooms at residences.

A group of students followed the man through residences Friday and apprehended him on the campus.

Re-Decorating Home Giant-Size Problem

NEW YORK, May 27.—(AP)—The trouble with most women who set out to redecorate the family home is they try to do it all at once.

Dan Cooper, well-known designer of home furnishings, explains that, belittled by pictures, confused by conflicting advice, the average woman starts out to select new furnishings in a happy daze.

She is torn between admiration for Louis XIV and Swedish modern, French provincial and American colonial and usually winds up in a heap in between.

Or says Cooper, the lady may decide to reproduce a room pictured in her favorite publication, down to the last tie-back, without stopping to consider how it fits the needs of her own family.

The designer, just returned from a lecture tour in which he was besieged with questions from confused amateur decorators, feels strongly on the subject.

He has aired some of his views in a book, "Inside Your Home," is responsible for such divergent productions as the "House of Ideas" shown in Rockefeller Centre in 1938 and demountable furniture used by the U.S. Army Air Corps during the war.

He has acted as color consultant for a federal housing project, designed the library and the museum at Dunbar, D.C., and decorated homes in both North and South America. He says:

"People don't buy a house or furniture often enough to know how to go about it. They get so much advice they're dizzy."

Westminster WA Plan Thursday Tea

Want Tourist Influx Recorded by Book

Tourists visiting Edmonton's new Information and Accommodation Bureau in the Provincial building will be invited to sign a special guest book.

The attractive register was officially signed by civic government, Chamber of Commerce, and several other officials attending the opening ceremonies this week.

It is hoped the guest book will enable the tourist bureau to record all Edmonton visitors during the 1948 tourist season.

"We've never been able to ascertain how many tourists visited the city during the holiday season," said Don McKay, acting executive secretary of the Edmonton Chamber of Commerce, "and while we don't expect the register will give us an official record of all Edmonton

IT'S COSTLY TO BE TITLED

Edmonton's Travel Office Ready for Tourist Crowd

Edmonton's new, complete, and fully equipped tourist information and accommodation bureau is open for business.

Situated on the ground floor of the Provincial building, the new centre will be open from 8 a.m. to 10 p.m. daily, except Sunday.

The new project, first of its kind ever attempted here, is jointly sponsored by the Edmonton Chamber of Commerce and the City of Edmonton.

Object of the undertaking is to encourage tourists to visit Edmonton and Alberta generally, and to adequately care for the visiting guests while they are here.

Need for such a centre was recognized by the steady influx

New Bureau Boon to City

Edmonton's new tourist and information bureau will be easily accessible to all travellers.

Located in the heart of the city, it is situated on the ground floor of the Provincial building, 101A street and 101A avenue—the new centre fulfills a much-needed and long-awaited need.

At the modernized office will be two tourist travel authorities, Dave Airth and Lydia Silljak, who will be on hand daily to give information and accommodation to travellers.

The office will be adequately equipped with a number of lounge chairs where tourists may rest while awaiting service.

Church Protest Ceremony By TCA Held On Sunday

MOOSE JAW, June 7.—(CP)—A protest against the building of a Trans-Canada Airlines terminal at the University of Regina on Sunday will be held at the cathedral of the United Church of Canada, the conference voted yesterday.

Representatives at the annual conference expressed their "deep regret and concern" about the ceremony held last Sunday, inaugurating a new Regina-Yorkton-Winnipeg Air service.

Rev. J. A. Jones of Yorkton, who protested from his pulpit at the time, said if such occurrences were allowed to go unchallenged at official levels they would set precedents leading to a greater disregard for Sunday.
